Wellbore Integrity
SOLUTIONS

WHO WE ARE

CUSTOMER FOCUSED
TO PROVIDE COMPREHENSIVE PRODUCTS & SERVICES

Wellbore Integrity Solutions (WIS) has been established as a customer focused platform to acquire assets and technologies with the goal to be the global leader in wellbore integrity products and services, by committing to delivering customer results by bringing together the best people, managing the best facilities and processes with a singular focus:

Wellbore Integrity Throughout the Life of the Well.

As a standalone independent company with a vertically integrated structure, WIS will focus on providing quality U.S. manufactured products delivered via a global engineering and field services footprint. Through our unique position in the energy space, we will serve the wellbore integrity needs of energy companies, service companies and local partners.
